Summer 2020

Medical Plaza 2 Patient Drop Off & Access

Thank you for your patience and cooperation during the ongoing construction on the campus of Memorial Hermann The Woodlands Medical Center.

Until the completion of Garage 2 (G2) in early 2021, the main entrance of Medical Plaza 2 (MP2) on the south side of the building is closed.

- While G2 remains open during construction, we ask that anyone needing patient drop off and/or pick up use the north side of MP2 at the covered Cancer Center marked entrance.
- Another option is the free valet (pictured above), outside of the ER and just across the drive from MP2. Please note, the valet system is a one-way drive marked by blue arrows on the included map.
