

If you believe you have come into contact with someone in the community who has been diagnosed with COVID-19 here is how you can determine your risk for contracting the virus.

If you are vaccinated and have no symptoms, per the CDC you do not need to be tested following an exposure to COVID-19.

LOWEST RISK	BRIEFLY WALKING BY A PERSON WHO WAS NOT EXPERIENCING SYMPTOMS.
LOW RISK	BEING IN THE SAME ROOM WITH SOMEONE WHO HAD SYMPTOMS AND WERE MORE THAN SIX FEET APART FOR 15 MINUTES OR LESS.
MEDIUM RISK	SUSTAINED CLOSE CONTACT WITHIN SIX FEET FOR A CUMULATIVE OF 15 MINUTES OR LONGER OVER 24 HOURS WHILE THEY HAD SYMPTOMS.
HIGHEST RISK	SHARE THE SAME HOUSEHOLD

If you are experiencing symptoms, contact your healthcare provider.

Information about COVID-19 is available at www.cdc.gov and also on our website <https://bluefishmd.com/services/covid-19/>
