Re: PPE CPT

Revised date 6/10/21

We are no longer billing for PPE supplies. We will no longer push the template into the progress notes.

Effective immediately, the MAs will push a PPE template into every chart for reimbursement. See below for verbiage. Some insurance companies are reimbursing at a rate of \$7.50-10.00. For the insurance companies not reimbursing, the cost will not be passed along to the parent.

CPT 99072- Additional supplies, materials, and clinical staff used time over and above those usually included in an office visit or other non-facility service(s), when performed during a Public Health Emergency as defined by law, due to COVID-19.

You will not need to push the template over for the following visits:

Shots only

BP checks

Weight checks

Cash Pay families
