The Texas Immunization Registry (ImmTrac2) is a free service of the Texas Department of State Health Services (DSHS). The immunization registry is a secure and confidential service that consolidates and stores your child's (younger than 18 years of age) immunization records. With your consent, your child's immunization information will be included in ImmTrac2. Doctors, public health departments, schools, and other authorized professionals can access your child's immunization history to ensure that important vaccines are not missed.

**The Texas Department of State Health Services encourages your
voluntary participation in the Texas immunization registry.**

- a public health district or local health department, for public health purposes within their areas of jurisdiction;
- a physician, or other health-care provider legally authorized to administer vaccines, for treating the child as a patient;
- a state agency having legal custody of the child;
- a Texas school or child-care facility in which the child is enrolled;
- a payor, currently authorized by the Texas Department of Insurance to operate in Texas, regarding coverage for the child.

I understand that I may withdraw this consent to include information on my child in the ImmTrac2 Registry and my consent to release information from the Registry at any time by written communication to the Texas Department of State Health Services, ImmTrac Group – MC 1946, P. O. Box 149347, Austin, Texas 78714-9347.

Texas Vaccines for Children (TVFC) Disclaimer

As a service to our patients, our office participates in the Vaccines For Children (VFC) program, which provides vaccines at no charge for those patients who meet the program's eligibility requirements.*

A patient who meets any one of the following requirements is eligible and automatically **qualifies** for the VFC program:

- is enrolled in Medicaid
- is enrolled in Children's Health Insurance Plan (CHIP)
- does not have health insurance
- is underinsured (has health insurance that DOES NOT pay for vaccines**)
- is an American Indian
- is an Alaskan Native

** Overseas travelers insurance policy holders (e.g. AIU) are considered underinsured.

If your child meets any of the requirements listed above, please complete, sign, and return the TVFC Patient Eligibility Screening Record to our front office staff instead of this disclaimer form. **The TVFC Patient Eligibility Screening Record form must be completed and signed for EACH child that is eligible for the VFC program.**

If your child **DOES NOT** meet any of the requirements listed above, please sign below and return this disclaimer form to our front office staff.

Please be aware that if your child does not meet the VFC requirements and your insurance does not cover the cost of the vaccination(s), you will be responsible for payment.

There are four public health clinic locations in the city of Houston that provide all necessary vaccinations for a nominal fee. Please let us know if you need this information.

Disclaimer

I have read and understand the VFC information above. By signing below, I acknowledge that my child is **not qualified** for the Texas Vaccine for Children (TVFC) program.

Texas Vaccines for Children Program

Patient Eligibility Screening Record

A record of all children 18 years of age or younger who receive immunizations through the Texas Vaccines for Children (TVFC) Program must be kept in the health care provider's office for a minimum of five (5) years. The record may be completed by the parent, guardian, individual of record, or by the health care provider. TVFC eligibility screening and documentation of eligibility status must take place with each immunization visit to ensure eligibility status for the program. While verification of responses is not required, it is necessary to retain this or a similar record for each child receiving vaccines under the TVFC Program.

1. Child's Name: _____
Last Name First Name MI
2. Child's Date of Birth: ____ / ____ / _____
3. Parent, Guardian, or Individual of Record: _____
Last Name First Name MI
4. Primary Provider's Name: _____
Last Name First Name MI
5. To determine if a child (0 through 18 years of age) is eligible to receive federal vaccine through the TVFC Program, at each immunization encounter or visit, enter the date and mark the appropriate eligibility category. *If Column A - F is marked, the child is eligible for the TVFC Program. If column G is marked the child is not eligible for federal VFC vaccine.*

[illegible]

**Underinsured includes children with health insurance that does not include vaccines or only covers specific vaccine types. Children are only eligible for vaccines that are not covered by insurance. In addition, to receive VFC vaccine, underinsured children must be vaccinated through a Federally Qualified Health Center (FQHC), a Rural Health Clinic (RHC), or under an approved deputized provider. The deputized provider must have a written agreement with an FQHC or an RHC and the state, local, or territorial immunization program in order to vaccinate underinsured children.*

*** Other underinsured are children that are underinsured but are not eligible to receive federal vaccine through the TVFC Program because the provider or facility is not an FQHC or an RHC, or a deputized provider. However, these children may be served if vaccines are provided by the state program to cover these non-TVFC eligible children.*

*** Children enrolled in separate state Children's Health Insurance Program (CHIP). These children are considered insured and are not eligible for vaccines through the VFC Program. Each state provides specific guidance on how CHIP vaccine is purchased and administered through participating providers.
